

BREAKTHROUGH TECHNOLOGY IN OIL SPILL REMOVAL

PRODUCT CATALOGUE

GREEN OCEAN

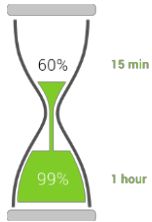

Oil spills are everyday events. Stay prepared with Green Ocean's revolutionary sorbent solutions:

- fastest, most efficient oil spill cleanup on the market
- works in any temperature
- oil can be removed and the material reused

Our sorbents are certified by CEDRE (Center of Documentation, Research and Experimentation on Accidental Water Pollution)

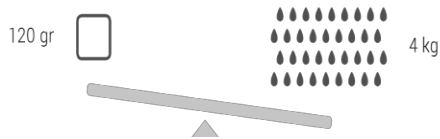

SAVE YOUR MONEY!

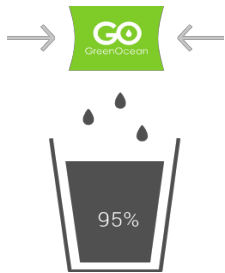

CLEAN SPILLS 3 TIMES FASTER

More than 60% of the absorption takes place in the first 15 minutes and 99% occurs within one hour

ABSORB 3 TIMES MORE OIL

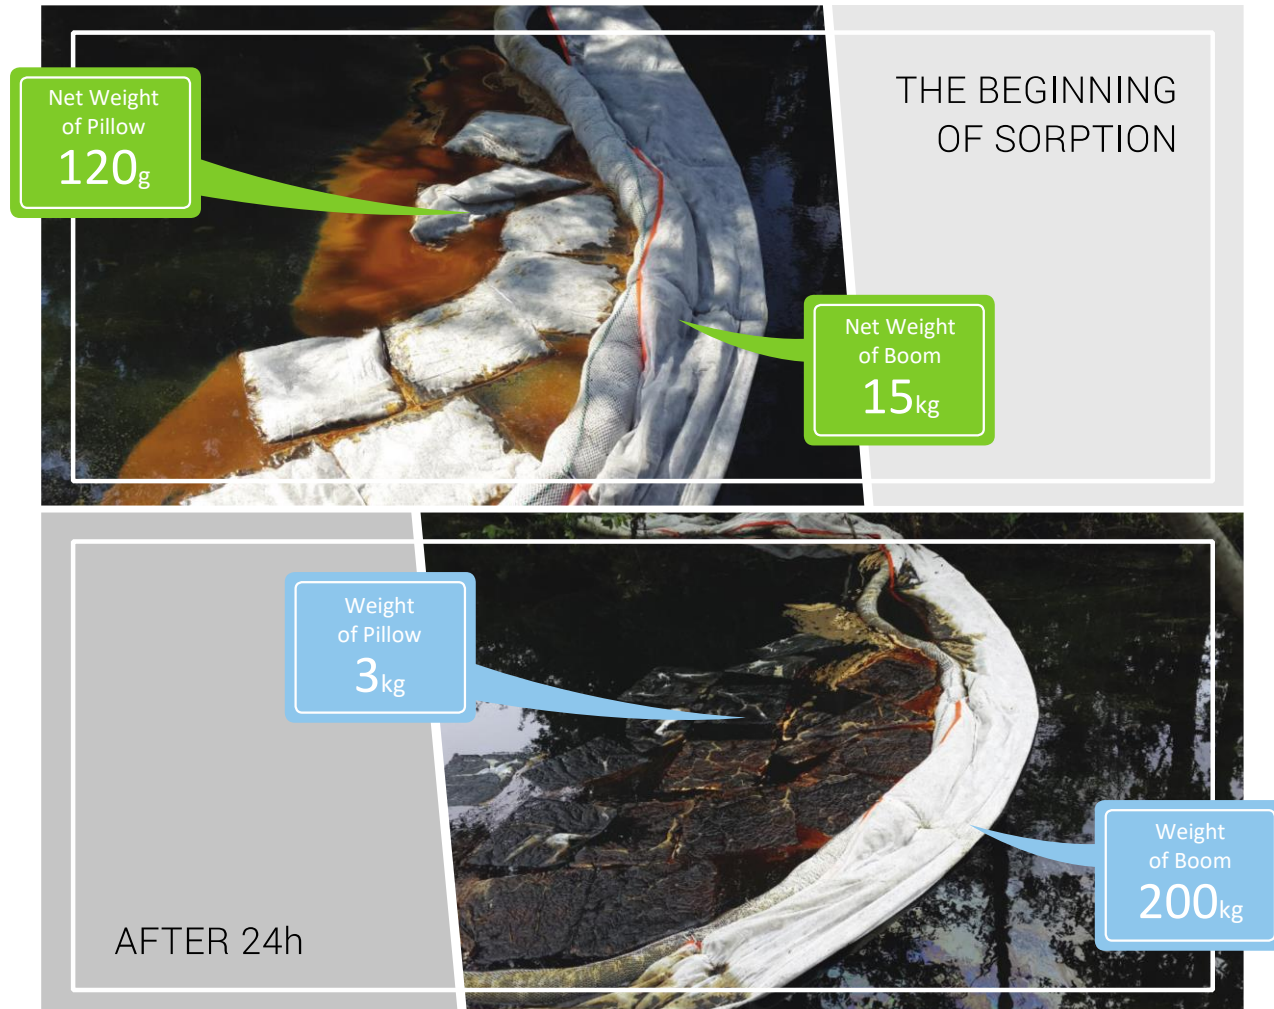

Green Ocean show 3 times more absorbency: 120g pillow absorbs up to 4kg of spilled oil

CUT YOUR DISPOSAL COSTS

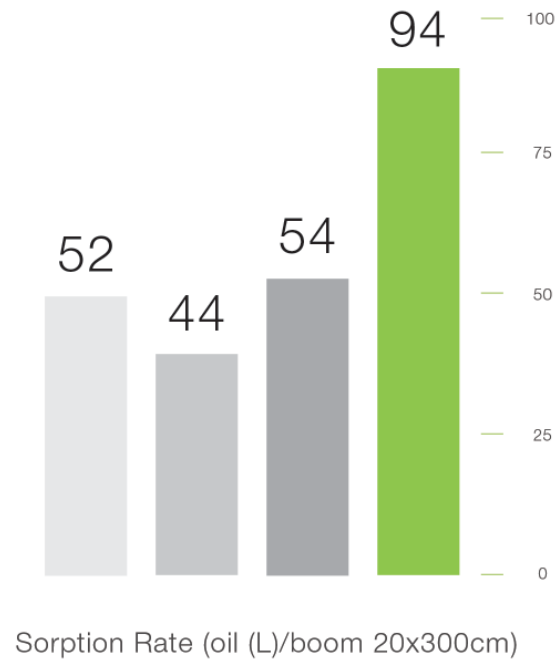

By squeezing the oil out from used absorbent

THE HIGHEST PROOVEN ABSORBTION ON THE MARKET

ABSORB MORE

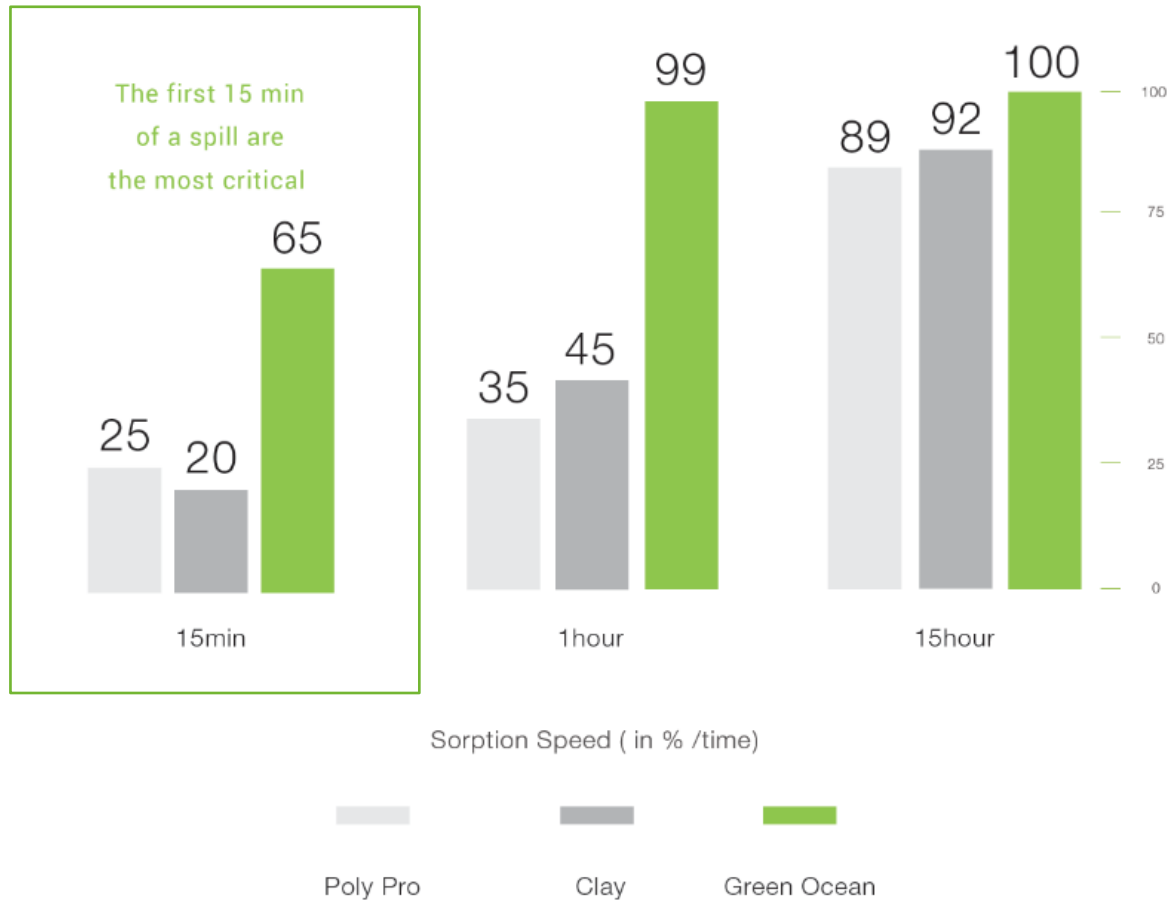

GO delivers extraordinary value by absorbing three times more oil than polypropylene with 100% saturation

Poly Pro Clay Cotton Green Ocean

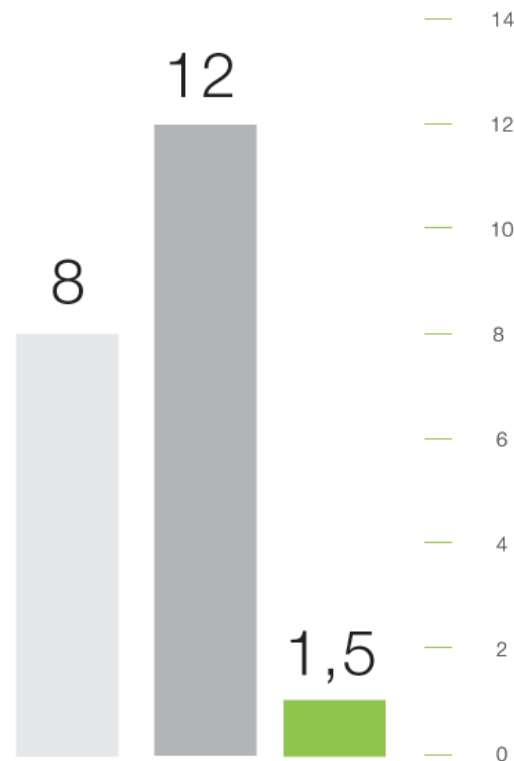

CONTROL THE SPILL FASTER

More than 60% of the absorption takes place in the first 15 minutes and 99% occurs within one hour

REDUCE DISPOSAL COST

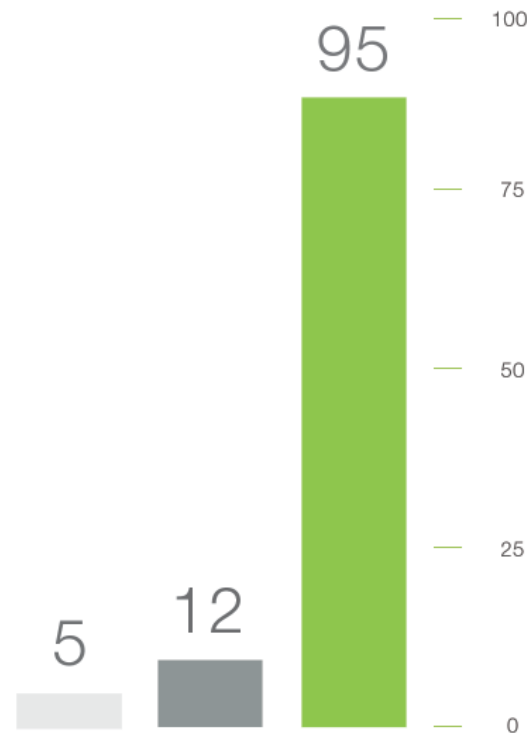

Green Ocean minimizes disposal expenses by allowing you to squeeze the sorbent to recover the oil and recycle the material

Disposal Costs (per unit/ \$)

RECOVER OIL

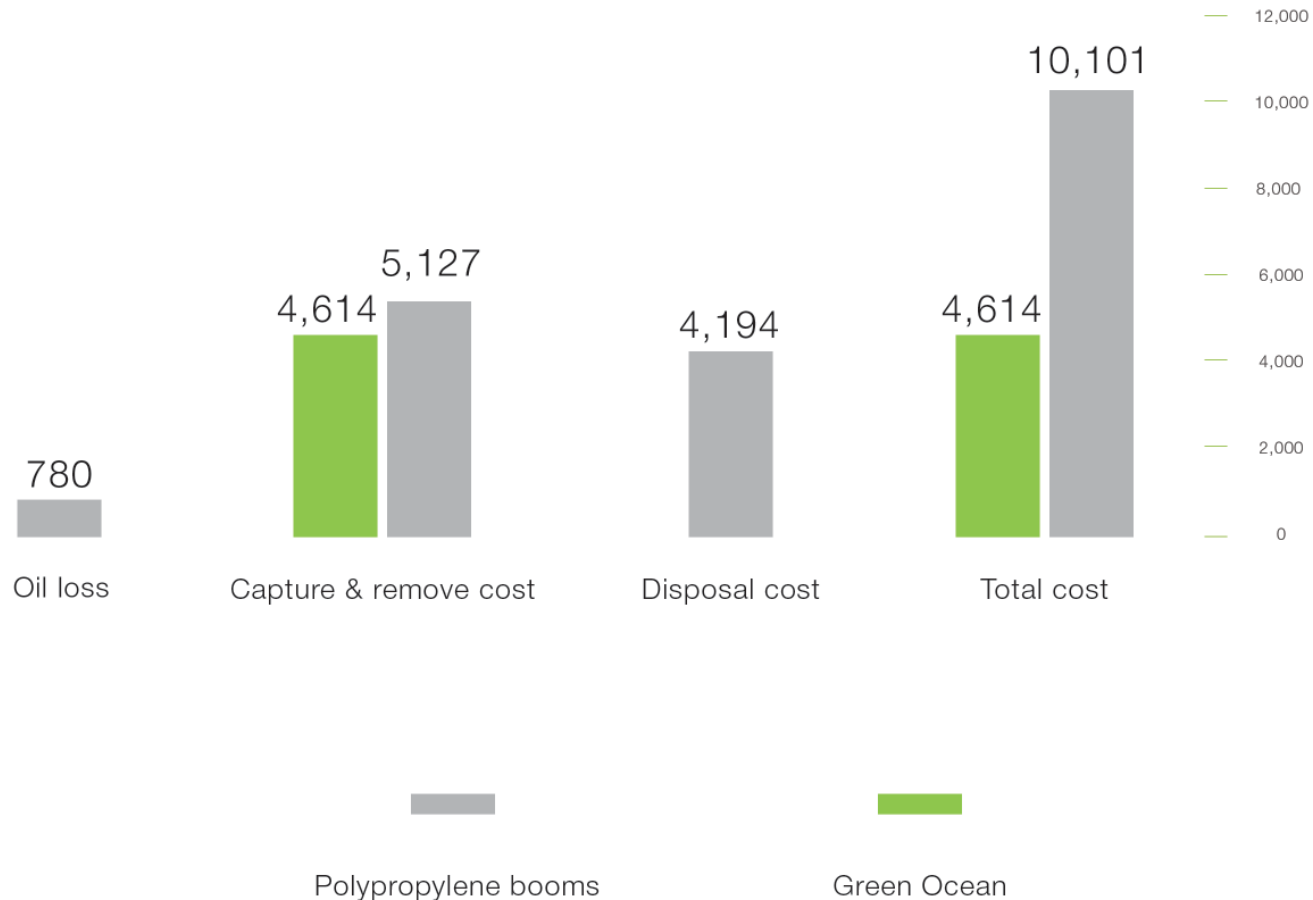

Once our products reach their absorption capacity, you can squeeze out up to 95% of the spilled oil, thereby eliminating the cost of wasted oil. You can also reuse the booms up to three times, dramatically reducing your costs for sorbent materials

Recovery (oil return/ %)

CUT 54% OF YOUR EXPENSES

ABSORBENT BOOMS

- Your first line of defense in case of oil spill
- Very high absorption: 1 kg absorb up to 50 kg of oil
- Fully saturated boom will not leak during replacement
- Booms have links at both ends that can hook together for any size spill

Product	Dimensions	Weight (unit/kg)	Quantity (bag/bale)	Weight (bag/kg)	Absorbency (box/litre)

GO 20/5	20 x 500 (Ø 20 cm)	6	5	30	785

ABSORBENT PILLOWS

- Very high absorption: 1 kg absorb up to 50 kg of oil
- Offered in different size and shape
- Pillows have high capacity and fast-wicking filler to quickly soak up oils
- Light net weight ensures simple installation close to oil spill

OIL ONLY

- Absorbs oil, repel water.
- Work in synergy with the absorbent booms to maximize localization in case of a spill

GENERAL PURPOSE AND HAZARDOUS

- Even a very thin pillow of 100 gr tackles up to 2.5 liters of liquid

ABSORBENT MATS AND SKIMMING SWEEPS

- Specially designed to protect large onshore areas
- Long-life period of working
- Works in low temperatures
- Easy to recover oil from fully saturated units by mechanical pressure

OIL ONLY

- Onshore long mats to protect the shoreline area from oil spreading
- Skimming sweeps with shackles to be fasten to oil absorbent boom to provide maximum protection

GENERAL PURPOSE AND HAZARDOUS

- Heavy stitched mats are nicely stowed under machine or any other workplace area

ABSORBENT SOCKS

- Very high absorption: 1:30 g/g
- Fully saturated sock won't leak out during replacement
- 100% saturation guarantee

OIL ONLY

- White socks are made of extremely hydrophobic filler, it repels water but absorbs oil-based liquids

GENERAL PURPOSE AND HAZARDOUS

- Black socks have special filler, which absorbs any liquids
